Prot. N° 259/GL

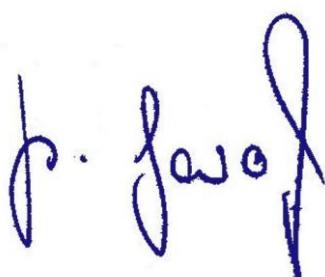

Dear Professor, Dear friend,

I would like to thank you, also on behalf of President Almgren, for the perfect organisation of the meeting of our Board last week as well as for all the support you gave to UEAPME in its relations with the Romanian government leading to our meetings on 10<sup>th</sup> June.

The events in Bucharest were not only a clear example of the excellent cooperation existing between CNIPMMR and UEAPME, but created also a real team spirit among all participants contributing to a more constructive and relaxed climate for our discussions.

A special praise goes to all the members of your staff involved in the preparation of the two days. They have all been extremely helpful and cooperative.

Yours Sincerely,

Peter Faross  
Secretary General
